## Marketplace Seller Remitting Party

Marketplace Facilitator and Marketplace Seller listed below have agreed that Marketplace Seller will remit sales & use tax to the Louisiana Sales and Use Tax Commission for Remote Sellers. A copy of this permit documents that Marketplace Facilitator is not required to remit sales & use tax on any transactions facilitated through the marketplace platform because the Marketplace Seller has agreed to remit tax to the Commission.

If there is any change with the business that creates a physical nexus, the Marketplace Seller should register and file with state and local collectors.
